The screenshot shows a dark-themed interface for a challenge completion. At the top, an orange hexagon with the number '30' and 'Days of Code' is displayed. To its right, text states: 'You have earned 30.00 points! You are now 5 challenges away from the 3rd star for your 30 days of code badge.' A progress bar shows 38% completion, with '10/15' challenges remaining. Below this is a green banner with the word 'Congratulations' in white. Underneath the banner, it says 'You solved this challenge. Would you like to challenge your friends?' followed by social media icons for Facebook, Twitter, and LinkedIn. A 'Next Challenge' button is in the top right of the green banner. On the left, three test cases are listed, each with a green checkmark: 'Test case 0', 'Test case 1', and 'Test case 2'. To the right of these, the 'Compiler Message' section shows 'Success'. Below that, the 'Input (stdin)' section shows a table with two columns: the first contains the number '1' and the second contains the number '3'. To the right of the input section is a 'Download' link. At the bottom, the 'Expected Output' section is visible with another 'Download' link.

30
Days of Code

You have earned 30.00 points!
You are now 5 challenges away from the 3rd star for your 30 days of code badge.

38% 10/15

Congratulations
